TECHNICAL SKILLS

Laravel
Php
Docker
Unit Testing with Phpunit and Dusk
E2E testing with cypress
MySQL
Linux
JQuery
JavaScript, CSS, HTML
Java (academic knowledge)
C (academic knowledge)
Vuejs
Python
NodeJs
Wordpress

SPECIALIZATIONS

Back End
Scalable and writable code
Data Structures and Algorithms
Database Structure
Query Performance

LANGUAGES

English - Professional Working Proficiency
Spanish - Native Speaker

EDUCATION

Software Engineering Student

Universidad Nacional de Asunción | Asunción, Paraguay

Awards

First place in mobile developer contest made in Flutter

CRISTHIAN ORTELLADO

BACK END ENGINEER
Laravel, PHP, MYSQL

——————

ABOUT ME

Programmer with 3 years of experience in web application development. Extensive experience developing new features for large
or new projects. Experience optimizing performance of exiting projects

EXPERIENCE

Back End Developer with Php, Laravel, MYSQL, Docker
SportNinja Inc. | Dic, 2022 - May, 2023| Vancouver, Canadá

- During my time as a programmer, I made significant contributions to the API, which improved the efficiency of the site and the user experience. I also led the process of refactoring obsolete code, resulting in greater system stability and faster response times. Additionally, I identified and resolved numerous errors and bugs, which allowed for a smoother and uninterrupted experience for end-users. I also collaborated closely with front-end developers to design and implement new features, ensuring seamless integration with the back-end systems.
- I worked on a complex system that managed hockey match statistics and contained a vast amount of data. Given the importance of real-time data processing, I placed a strong focus on optimizing system performance and reducing response times.

Full Stack Developer with Php, Laravel, MYSQL, CSS, JS, BLADE
Kwac Media Services | Abr, 2021 -Dec 2022 | Miami Florida, EEUU

- Development of reusable UI components with HTML,CSS,JS VANILLA, JQUERY and Blade
